Dear Andrew,

Just to let you know that I've received a copy of the proposal from PBN.

Regards,

[REDACTED]

Subject: Isles of Scilly Ferry Link project

Dear [REDACTED]

I have, this morning, received a copy of a more detailed submission from Penzance Business Network regarding their alternative approach to the Isles of Scilly Ferry Link project.

As well as offering significant savings for the tax payer, the project would offer better regeneration and employment opportunities in Penzance and would better compliment other environmental and economic development ambitions for the town.

I will make sure that a copy of this is sent to the Isles of Scilly Steamship Company in case it is thought appropriate to discuss the proposal with them as well.

I hope this is helpful.

With every good wish.

Yours sincerely,

Andrew

PS: If you do not receive the alternative proposal within the next 24 hours then I would be happy to forward it to you
